Li: Hi I'm Li.

Finn: Li, I can't hear you.

Li: Oh sorry, this is Li.

Finn: And I'm Finn. 今天的潮语都是有关葡萄酒的 - wine.

Li: 说到酒, 太重要了, 因为今天晚上我有一个重要的约会... 商务餐!

Finn: Oh, a business dinner...

Li: But I know nothing about wine!

Finn: So you want to wine and dine your client...

Li: 当然了我要请客人吃饭喝酒。Great phrase! Maybe if I wine and dine him, he will say yes to my contract.

Finn: (bursting into tears) I've been wining and dining this beautiful girl for weeks; she still doesn't want to be my girlfriend.

Li: Last business trip to Shanghai they wined and dined us every night!

Finn: Ok – so if you want to wine and dine your client – you need to know how to pick wine.

Li: 买贵的、买老的, 没错吧?

Finn: No, no, no. I mean – which wine goes with which food. So red wine goes with red meat...

Li: Oh, goes with. So red wine goes with beef, or pork?

Finn: And white wine goes with chicken, or fish!

Li: White wine goes with 水煮鱼?

Finn: 水煮鱼 – that's too spicy! Or you could say your jacket goes with your eyes.

Li: Thank you.

Finn: And your hat goes with your shoes.

Li: Thank you. But how can you see my shoes?

Finn: Li, cheers!

Three hours later

Li: 今天的潮语是什么呢? Goes with...还有什么呢? 还有什么? Dine? Wine? Wine, wine and dine? Oh, wine and dine!
